The focus of this trip is for sponsors, and non-sponsors, to connect with CarePoint children and staff in order to strengthen the relationships between partners. What skills/experiences do you have that would make a contribution to this trip's purpose (recreation, crafts, drama, music, Bible teaching, and so on)?

Short-term mission trips are often exciting and life-changing opportunities. However, they can also be challenging in a number of ways:

- How do you feel about sharing a room and bathroom with 4-5 people?
  
- Have you traveled outside of the U.S. YES \_\_\_ NO \_\_\_ For what Purpose?

How do you feel about living in a developing country? What experience do you have with this, if any? How would you respond to situations where there is no soap, toilet paper, excessive traffic, dirtier conditions, and so on?

- How do you respond when things do not go as expected or when last minute changes need to be made?

*Returning this application to the Centro de Alcance Point Person does not guarantee that you will be going on the next trip. Various considerations must be taken into account such as size of the group, preference shown to those with skills needed for the purpose of the trip, and qualifications of each applicant.*
